## Gipsy Love - Bühne Baden

### Zigeunerliebe - Bühne Baden 2019

Zorika's engagement to the charming but very reputable Jonel is imminent. But she's much more attracted to the seductive, spirited gypsy violinist Józsi, with whom she would love to abscond. At a loss as to how she should decide, Zorika remembers the old folk belief that a girl who drinks water from the River Cerna on the night of the engagement will be able to foresee the future. She drinks from the waters and dreams of the life she can expect if she chooses Józsi. When she wakes up again, she is glad it was only a dream. She recognises her true feelings and knows where she belongs: with Jonel.

«Ich bin ein Zigeunerkind (I am a Gypsy child), Csarda's "Hör' ich Cymbalklänge" (I hear the sound of cymbals) and "Zorika, Zorika, kehre zurück" (Zorika, Zorika, come back) are just a few of the rousing melodies of this romantic operetta.
