

SYNOPSIS

Rudolf Buchbinder - Celebrity, Enthusiast

Rudolf Buchbinder - Weltstar aus Begeisterung

He has always been the youngest, the most gifted, the child genius. In December 2016 Rudolf Buchbinder will celebrate his 70th birthday and immodestly wishes to see the climax of his pianist's career at the end of his career.

The film portrays the world-famous pianist and his deep relationship with «his» classic works and shows him for example in his position as successful artistic director of the Grafenegger music festival, where he presents the biggest stars of the music world. Interviews prove how much his colleagues appreciate him. Amongst them conductors like Zubin Mehta, Franz Welser-Möst, Andriss Nelsons, Mariss Jansons and many others.
