

SYNOPSIS

The Camera Murderer

Der Kameramörderer

Easter at Lake Neusiedl: Thomas has a designer house hidden in the reeds on the Hungarian side of the lake. He and his new girlfriend Sonja invite another couple to visit: Heinrich, an old friend and notorious cynic and his wife Eva, who seems to have a more complicated past with Thomas than a simple long-lasting friendship. Small irritations even before the guests arrive suggest that the idyll is not to be trusted.
