## Tatort - The People's Money

### Tatort - Tödliche Habgier

Two skin-divers find a decayed corpse, attached to the ground of Achensee with a concrete block. These developments get Inspector Moritz Eisner going. First findings indicate that the man, who had been killed at least 15 years ago, was once a scientist from Germany. He had fled his country taking with him a large sum of embezzled money that had actually belonged to STASI, the dreaded secret police. Eisners inquiries let resurface dreadful ghosts of the past.
