## Scene of the Crime - Elvis Lives

### Tatort - Elvis lebt

Stefanie Gschnitzer takes up her first case at the Innsbruck homicide squad: Richard Stecher, member of a notorious family of poachers, was found shot dead. Even at the scene of the crime, the policewoman has her doubts. A clean shot in the back of Stecher's head does not make the self-defence version convincing, and Richard Stecher would never have gone poaching on the anniversary of Elvis Presley's death.
