

SYNOPSIS

Karajan - Richard Strauss: A Hero's Life / Don Quixote

Karajan - Richard Strauss: Ein Heldenleben / Don Quixote

During 1985 and 1986, two Richard Strauss concerts with Herbert von Karajan and the Berlin Philharmonic Orchestra were taped: «Don Quixote» and «A Hero's Life». The subjects couldn't stand in a harsher contrast within each other: The endearing hero who fights windmills on one hand, the bombastic protagonist, who shows any kind of soft manners only in side-matters, on the other. Hardly have Herbert von Karajan and the Berlin Philharmonic Orchestra produced two other works with such a differentiated, opulent and beautiful sound.
