

SYNOPSIS

Karajan - Bruckner: Symphony No. 8 in C minor

Karajan - Bruckner: Symphonie Nr. 8 in C-Moll

The second orchestra of importance in Karajan's life was the Vienna Philharmonic Orchestra. An artistic friendship spanning decades developed, driving the orchestra to great achievements while at the same time inspiring the sensitive conductor. This congeniality of souls can especially be heard in the works of Anton Bruckner, a composer from Upper Austria. His Symphony No. 8 in C-minor, recorded live at the Musikvereinssaal in Vienna, is a document of absolute superlative.
