

SYNOPSIS

The Rainmakers from Botswana - An African Success Story

Die Regenmacher - Eine afrikanische Erfolgsgeschichte aus Botswana

Living the good life in Africa, and that means Botswana as well, translates as prosperity. That is why, after achieving independence in 1966, the name of the currency was changed to the Setswana word for rain: Pula! The most important religious duty of the King, making rain, remained unchanged: to guarantee Pula - Rain, life, and prosperity.
