

# SYNOPSIS

## Kingdom of the Rainbow

### Im Reich des Regenbogens

It is one of the most common phenomena of everyday life that we do not notice - or if we do, only in passing - the things that are around us all the time. This is particularly true of colours. They have a conscious and unconscious effect on us, and influence our lives. This film is based on two strands: the mystical, ritual, constant psychological effect of colours on the one hand, and the often breathtaking story of how they are created on the other.

**Year:** 2011

**Run-Time:** 1 x 52 min.

**Directed by** Gustav W. Trampitsch

**A co-production by ORF/3sat and Moonlake Entertainment in association with ORF-Enterprise**

Available worldwide
