

SYNOPSIS

Energy for Life - Putting Feng Shui to the Test

Energie zum Leben - Feng Shui im Alltagstest

Where Eastern philosophy meets Western rationality, Feng Shui is booming. Aside from the esoteric and commercialised aspects, there are in fact real advantages to be gained from applying these ancient Chinese teachings to daily life. This documentary illustrates some examples and their measurable effects: from the design of a bank branch office that helped the bank generate

increased revenues, to office and apartment design according to the principles of «wind and water», the true meaning of the words Feng Shui.

Year: 2003

Run-Time: 1 x 42 min.

Directed by Bert Ehgartner

Langbein & Skalnik for ORF
