

SYNOPSIS

Art is King - Jonathan Meese

Kunst ist Chef - Das Universum des Jonathan Meese

Jonathan Meese is Germany's favourite enfant terrible. His art catapulted him into the big leagues more than 15 years ago, and he's happy to call himself a «cultural exorcist» and even an «art ant». To mark the occasion of Meese's staging of Wagner's Parsifal at the Vienna Festival 2017 - a highly anticipated space opera - Claudia Teissig is creating a documentary film picture of the artist, in whose parallel universe art will rule from 2023.
