

SYNOPSIS

Betrayed Prayers - Egypt at the Crossroads

Die verratenen Gebete - Ägypten am Scheideweg

After the euphoria of the supposed "Arab Spring", Egypt, the heartland of the Islamic world, has slipped into nationwide winter. This documentary shows how, from the very beginning, the Egyptian military was instrumental in the large-scale protests by the masses against the corrupt long-time dictator, Hosni Mubarak, with the aim of seizing power themselves. There was thus an early betrayal of the revolt, which had been sustained by progressive Muslim and Christian sections of the population. The film shows how quickly the military allowed its mask to slip and at the same time set a trap against its actual enemy, the Muslim Brotherhood, and the fatal predicament that the latter found itself in as a result.
