## Noble Sweets - A History of Temptation

### Der Mehlspeis-Adel

Currently, cooking is the IN to do, especially since Jamie Oliver and company have taken over our TV screens. But those who entice us with aromafilled cakes and mouth-watering chocolates still do their good works in the dark. So what would be more natural than highlighting them in a portrait of Austria's pastry lords (and ladies) - a documentary that serves up not just a delicious sweet course but also a choice of cultural bonbons with a filling of love stories.
