

SYNOPSIS

Lightning Reloaded

Blitzgewitter - Himmel unter Strom

Even today day still we don't know exactly where lightning strikes come from and how they are created. This documentary focuses on the latest lightning and thunderstorm research, using the cutting-edge digital video technology. It solves the mystery of ball-lightning and explores in detail the anatomy of a lightning strike, as well as investigating the phenomena of sprites and lightning bolts that explode in the depths of space.

Year: 2010
