

SYNOPSIS

Light from Another World - An Ancient Religion Returns

Licht aus einer anderen Welt - eine antike Religion kehrt zurück

Even for the church and theology of antiquity it was a challenge - Gnosis. A mystery religion, which holds that the material world is the prison of souls. People can free themselves - by brightening their inner, God-given spark of light. In antiquity, so-called «hermetic» thinking was taught in secret societies. Even today, there are small circles of initiates that impart Gnostic «enlightenment» - which includes the belief that you can find God in yourself.
