

# SYNOPSIS

## Men, Might and Mensur Fencing

### Männer, Mächte und Messuren

They observe ancient rituals, wear sabres, coloured ribbons and a cap on their head, and drink beer from heavy tankards. These are male fraternities, whose members are in top public and commercial sector jobs and who are adamant about keeping women out of the most important meetings - so that «sexual tension doesn't get in the way» of reasoned debate, as a young member explains.

**Year:** 2018
