

SYNOPSIS

Miracle of Healing

Wunder Heilung

Kurt Langbein survived carcinosis by radiation therapy. The question is how long does the diagnosis «being healed for the present» last? The well known science-journalist - conducted by his own motivation - started to get to the bottom of the special parameters mobilizing one's immune system, being able to heal carcinosis finally. In fact there are people, so called moribunded cause of suffering carcinosis, but contrary to diagnostics being in the best of health. Some of them are known as «medical miracle», others just try to find out some unorthodox «attraction to New Age healing». Do these patients have the «right» answers? What does academic medicine know about how healing works? What becomes more important - the therapy or the therapist?
