

SYNOPSIS

Styria - Life in the Heart of Austria's Wine Country

Steiermark - Leben im Weinland

This is a film about the people living in Styria's wine-growing region and how their daily lives are continually challenged by their natural environment. The internationally acclaimed director Curt Faudon paints a rich picture of daily life in the southern Styrian hills, letting his eye wander as far south as Croatia's Istrian coast - a region which was once the centre of wine production, agriculture and fishing in the Austro-Hungarian Monarchy.
